Restless Breed 3.0 is the next issue of the various artists compilation on STONEDWAVE providing you with a new bunch of material showcasing the labels 2 sides. In a nutshell: mellow floating braindance, electro, quirky and wonky techno beyond standard schemes. A1 SANE - The Hangover. This tune is made for quirkier techno sets. It is a funky wonky techno tune mocking around with a whistling lead synth on top of a tripped out Beat, perfect for the wonky dancefloor. A2 Chordata - Silent Singer. Electrobeats mark the rhythm for this progressive adventure into space. Electro in the good old Detroit or dutch fashion. A3 Jochen Heym - Floating Soul Jochen Heym double feature. Following a well received vinyl debut on STONEDWAVE with "SONONAUT EP" Jochen returns with a mellow braindance electro tune: Floating Soul B1 Jochen Heym - Final Transmission (Chip Tronic Remix) Chip Tronic remixes the cling clang ambient tune "Final Transmission" previously released on STONEDWAVE 005 by transforming the ambient piece into a hectic electro tune with metallic bleeps and clonks. B2 Chip Tronic - Dunkel 18 Frequency modulated metallic wide hypnotic screaming leads are being carved into the listeners brain while being distorted and modulated by any means available. The number 18 implies => dark technorhythms for wonky minds who love it more distorted. credits released April 27, 2018
